

General Manager Marblehead Municipal Light Department

Marblehead Municipal Light Department (MMLD) is accepting applications for the position of General Manager (GM). MMLD is located 16 miles north of Boston and serves 10,562 customers with annual sales of 106,000,000 kilowatt-hours.

Under the general direction of the Board of Commissioners, the GM is responsible to plan, organize and direct overall activities of the municipal light plant. Duties include: operation and management of all facilities, purchasing, human resources, pricing of electricity furnished, the collection of bills and the keeping of accounts.

The position requires a Bachelor's degree electrical engineering (or equivalent experience), knowledge of general finance, and progressively responsible experience in the management of a public utility.

*Candidate must submit resumes, references, and salary requirements to:
