MMWEC Offers Scholarships to Ludlow, Minnechaug High School Seniors

LUDLOW, Mass. -- March 14, 2018 -- Applications are now available for the Massachusetts Municipal Wholesale Electric Company (MMWEC) scholarship program.

MMWEC is offering four \$1,000 scholarships to be awarded to qualifying seniors from Ludlow and Minnechaug high schools who are planning to attend either a two- or four-year college. Scholarships will be awarded to two students from Ludlow High School, one Minnechaug student from Hampden, and one Minnechaug student from Wilbraham. Students must plan to pursue a degree in disciplines related to engineering, environmental sciences, finance or accounting.

Scholarship awards will be based on several factors, including academic achievement and need. All seniors planning to pursue one of the specified academic areas are encouraged to apply, regardless of their class ranking.

Students interested in applying for a scholarship should see their guidance counselor for an application. The deadline for submission is April 30, 2018.

As part of its commitment to the Ludlow, Hampden and Wilbraham communities, MMWEC has awarded \$40,000 in scholarships to help local students defray the cost of higher education since the inception of the scholarship program in 1998.

MMWEC is the joint action agency for public power in Massachusetts, providing a variety of power supply, financial, risk management and other services to the state's consumer-owned, municipal utilities. MMWEC is the operator and principal owner of the Stony Brook power plant on Moody Street and has been a corporate resident of Ludlow for 42 years.
