

Peabody Municipal Light Plant

Community Owned. Not for profit. It's Ours.

NETWORK AND SYSTEMS ADMINISTRATOR

The Peabody Municipal Light Plant is seeking a primary administrator of the LAN/WAN infrastructure, security, and integrated systems. You will report to the IT manager and aid in planning and execution of all IT initiatives including the development and implementation of cost-effective systems and efficient network/systems operations to meet current and future strategic goals. In this role, you will provide company-wide support on all computer-based, electronic and data processing functions, including company Wi-Fi.

A Bachelor's Degree or equivalent in computer sciences or a related field, or experience equivalent to a four-year college level curriculum is required. We prefer a minimum of 3-5 years as a technology professional working on networks, devices, PCs, servers, telecommunications, backup systems, cyber-security initiatives, and virtual services. Utility experience is a bonus.

For a full description of the position, visit our website at <http://www.pmlp.com/employment.html>.

PMLP is the community-owned not-for-profit municipal utility serving Peabody and South Lynnfield. We offer a competitive salary with benefits, including pension, as well as a collaborative working environment.

Qualified applicants may submit letter and resume to John Maihos at jmaihos@pmlp.com.
