

# Peabody Municipal Light Plant

---

**Community Owned. Not for profit. It's Ours.**

## **GIS ANALYST**

Within the Engineering Division, the GIS Technician will work under the direction of the GIS Coordinator to create and maintain a reliable and accurate system of record for PMLP's field infrastructure, design and implement quality assurance/quality control (QA/QC) processes, and use GIS database and data analysis tools to support and streamline PMLP's operational activities. Additionally, help as needed to create, implement and support new technology tools to assist and enhance cross-departmental productivity and integration within the framework of GIS related projects. This position requires knowledge of GIS principals, concepts and techniques; as well as strong working experience with ESRI's ArcGIS platform, ESRI's mobile apps, field data collection practices and tools.

As a municipal entity, PMLP offers a competitive compensation package.

The Peabody Municipal Light Plant is the community owned, not-for-profit electric utility serving Peabody and South Lynnfield.
